React testing library • MSW — Mocking Server Workers • Figma

Military Service (National Duty)

2025/03 – 2026/03 **Key skills developed:** Discipline, commitment, teamwork, and working under pressur
cairo, egypt

- **Status:** Finished 03/2026
- **Rating:** Excellence (Good example)

Professional Experience

2024/09 – 2025/03 **DarkMon CyberSecurity Ltd**
Front-end Developer
I worked as a Frontend Developer using React.js, where I contributed to developing multiple web applications and the company's internal portal. I was responsible for building interactive and user-friendly interfaces, with a strong focus on creating reusable components and enhancing overall user experience. I also integrated RESTful APIs to handle dynamic data and ensure seamless communication between the frontend and backend systems. During my role, I collaborated closely with backend developers and UI/UX designers to deliver high-quality products, while also improving application performance and resolving technical issues to ensure stability and efficiency.

Projects

- 2024 [Movie App](#) 
EL3WAMY website for waching series and movies
I built this website using **Vite** as development environment, Javascript (**ReactJS**, **ContextAPI**, **React Router**), **Tailwind CSS** for styling and use data from **TMDB API**, etc..
